VARIANCE REQUESTS STANDARDS OF REVIEW

In order to grant a dimensional variance, the Zoning Board of Appeals must find that all of the following conditions exist. To complete the application, please provide information supporting your application for each of the following standards. Add additional pages if necessary.

This variance is necessary because:

- a. The strict enforcement of the provisions of this Ordinance would cause an unnecessary hardship and deprive the owner of rights enjoyed by all other property owner owning property within the same zoning district.

- b. There are conditions and circumstances unique to the property which are not similarly applicable to other properties in the same zoning district.

- c. The conditions and circumstances unique to the property were not created by the owner, or his predecessor.

d. The requested variance will not grant special privileges that are denied other properties similarly situated and in the same zoning district.

e. The requested variance will not be contrary to the spirit and intent of this Zoning Ordinance.
